ACCESSIBILITIES CHECKLIST FOR MEETINGS AND GROUPS

How accessible is your meeting? This is a guide to help reduce the physically-based access barriers that a person may encounter when attending meetings in your location.

Introduction

The meeting location should be physically accessible so that anyone may arrive on site, approach the building, and enter the meeting without barriers.

Following are some questions your group can answer to determine the overall accessibility of your meeting space.

	Is the parking area or street clear of snow, ice, or other debris?
	Is a path of travel by wheelchair accessible from the street or parking area?
